

S2 ORANGE

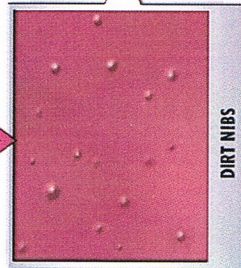

JUST TWO POLISHING COMPOUNDS + ONE PAD FOR ALL OF YOUR FINISHING NEEDS!

www.schollconcepts.com/s2orange

FOR A BETTER FINISH

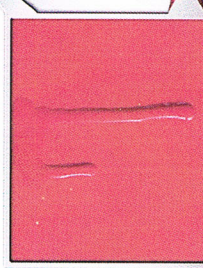

**PAINT PROBLEMS
ON FRESH PAINT**

DIRT NIBS

ORANGE PEEL

PAINT RUNS

A ABRADING THE AREA

ABRADING WITH SANDING BLOCK/ P1500-2000

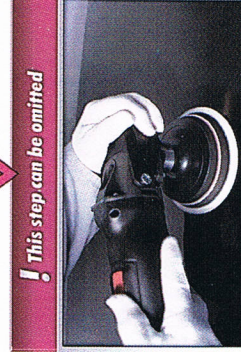

ABRADING WITH MACHINE/ P1500-2000

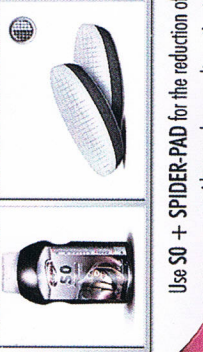

ABRADING WITH CORK BLOCK/ P2000

B REABRASION (S0)
(OPTIONAL)

! This step can be omitted

Tip: Use S0 + SPIDER-PAD for the reduction of ridges and as an alternative to expensive soft abrasion pads!

ROUGHNESS BEFORE

AFTER

C POLISHING (S2 ORANGE)

Polish out imperfections with S2 Orange and the waffle sponge with integrated Interface layer!

**Orange peel is
a thing of
the past!**

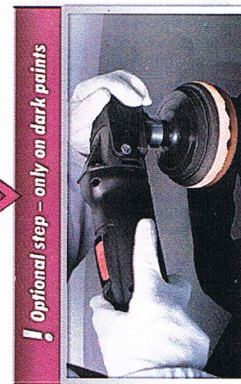

INTERFACE LAYER

iPT TECHNOLOGIE
(Intelligent Powder Technology)

D HOLOGRAM
REMOVAL (S30+)

! Optional step - only on dark paints

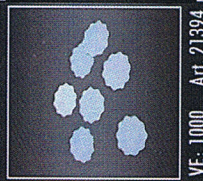

Light holograms can develop on dark paints after step (C). These can be polished out permanently with S30+ and the orange waffle sponge!
